## SEIZURE LOG

Record each seizure as accurately as possible.

| Date | Time (Start) | Duration (hh:mm:ss or sec) | Description of the Seizure (What did you see? Behavior, body movements, awareness, vocalization, etc.) | Recovery Time (Time to return to normal) | Possible Trigger / Notes (Food, stress, excitement, missed meds, etc.) | Action Taken (Medications given, safety measures, etc.) | Veterinary Attention Needed? (Y / N) |
|---|---|---|---|---|---|---|---|
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |
| | | | | | | | |

This log is intended to support, not replace, veterinary care. Always follow your veterinarian's advice.
